

**A Report On Wall Magazine Published by the Dept. Of Computer Science
& Application on 04th Feb., 2020.**

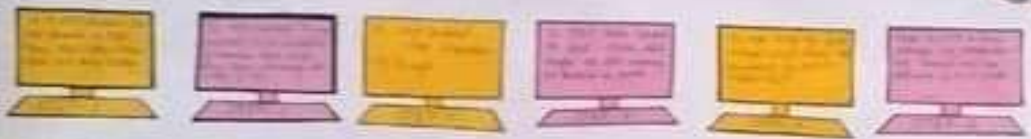

A wall magazine named as “Techno – Wall” was published with its first series called “ANDRO-FEAST” on 4th February, 2020, Tuesday at 3:50 PM in the college. It was prepared by the students of B.Sc. Computer Application (Major), Part-III; B.Sc. Computer Application (Honours) Sem-I; and B.Sc. General, Sem-I & Sem-III.

The magazine was inaugurated by, Hon’ble Teacher-In-Charge of our college, Prof. Mahua Bhattacharjee. All the respected teachers were also present at the moment.

Evolution of Android Operating System was the main objective of the magazine. The magazine discussed about the inventors of the operating system and a brief discussion on how it was incorporated with the mobile phones to make it today’s smart phone was also given. It also focused on all the android versions developed till date along with the comparative features of different versions.

Since, almost all of us are getting dependent on Android gradually, so undoubtedly the magazine was informative and helpful for the students as well as for the teachers.

ANDROID FEAST

Android App Store
The Google Play Store is the primary source for downloading and updating your Android apps. It offers a wide variety of free and paid apps, games, and services.
